

Mobile APP Development Autumn CFG 2022 Masters Project

ON
the Mobile app: Tranquili-T

Tranquili-T

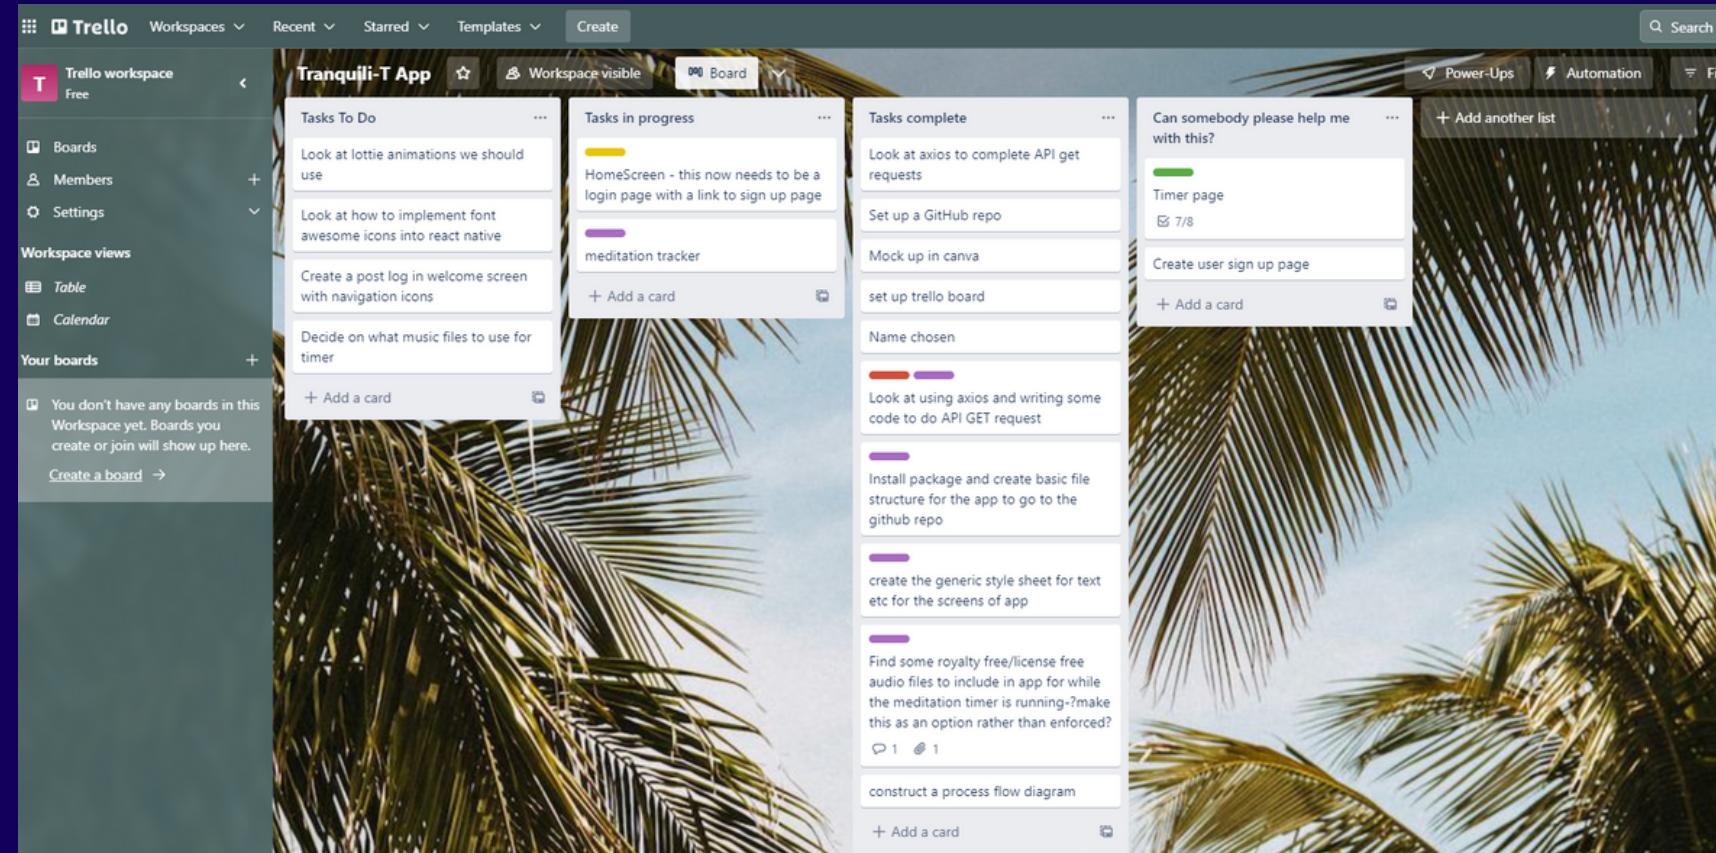

Prepared by:
Helen, Nikita, Rati, Sydney

PROBLEM SOLVED

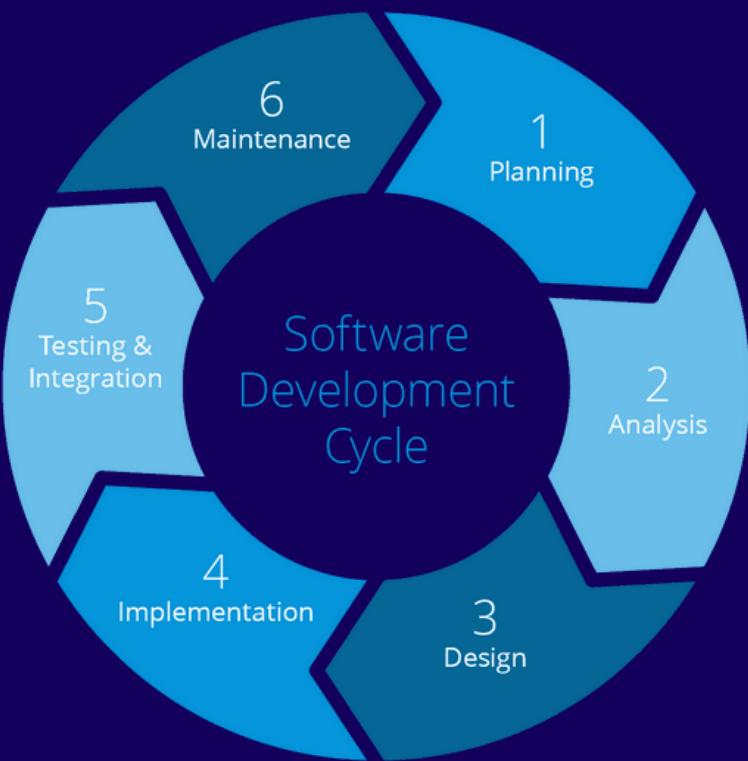

- WORLD CAN BE STRESSFUL AND SOMETIMES WE NEED HELP TO NAVIGATE
- TRANQUILI-T IS A MEDITATION APP
- CALM, RELAX, UNWIND AND FOSTERS RESILIENCE
- THE APP PROVIDES PLENTY OF OPPORTUNITIES TO ALL USERS, NEWBIES TO MEDITATION
- POSITIVE ENERGY, CALMING EFFECT, INCREASE CONCENTRATION AND FOCUS ON EVERYDAY WORK.

TEAM WORK

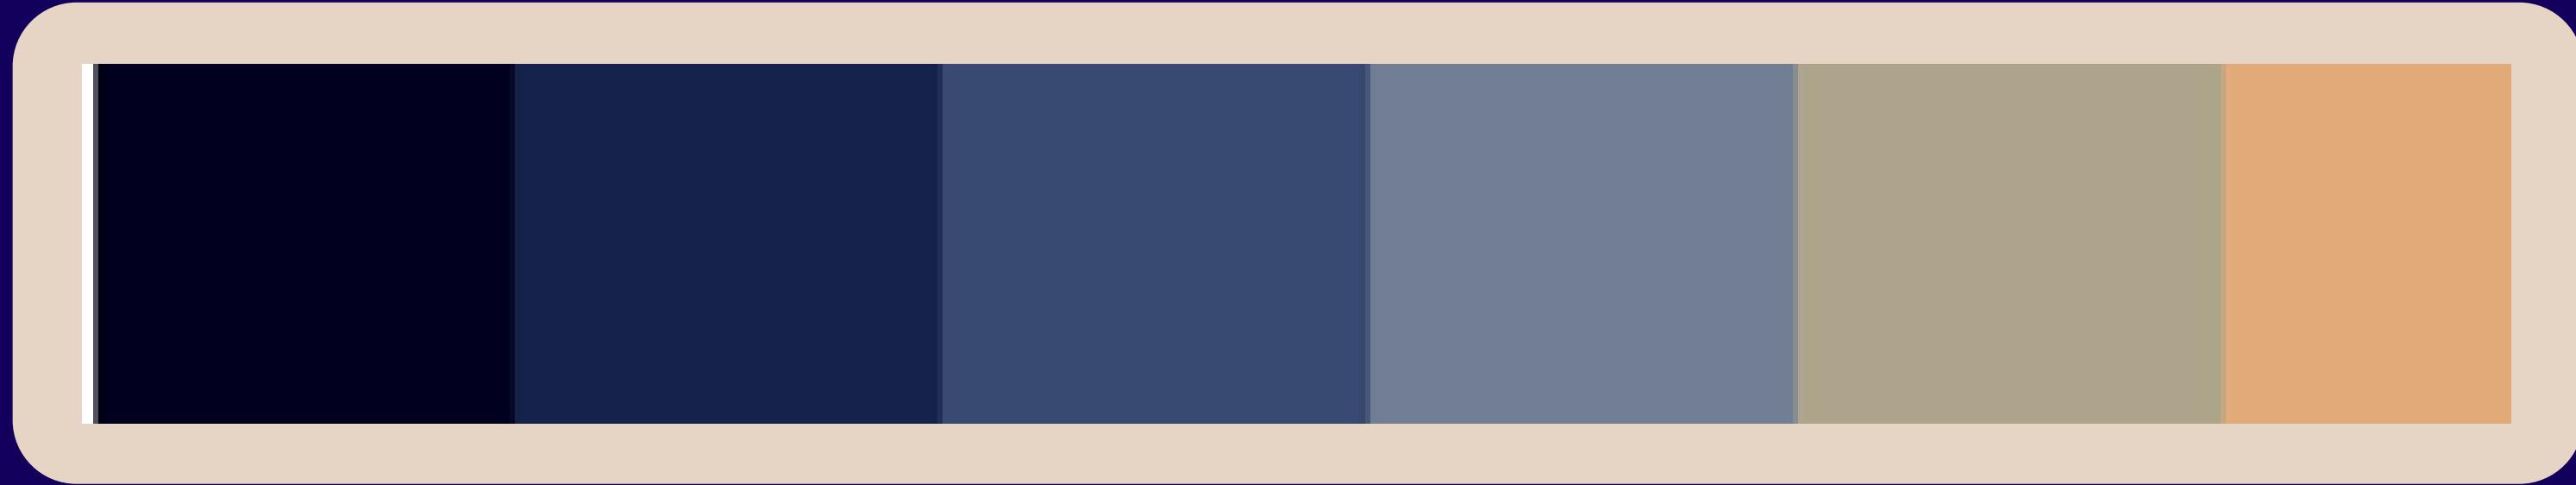

Agile philosophy

- Planning Meeting
- (not quite) Daily Scrums
- Consistent feedback
- Maintain Backlog

COLOUR SCHEME

#01001F, #15224C, #384A72, #727E94, #AEA488, #EOAB78

- The colour scheme chosen are soothing, gentle, calming in effect
- Warm tones and blues are good for encouraging concentration and focus
- Blue specially is considered as a colour of mind and it lowers down the heart rate and decreases the respiratory rhythm which encourage calmness
- These colours are they are eco friendly, easy on eyes, ability to use at night specially

DESIGN PHILOSOPHY

- Simplicity, Minimalistic, easy to read and good contrast
- Considered non-neurotypical users such as ADHD and Dyslexia
- People at higher risk of sleep disorder and insomnia

MOCK-UP AND PROTOTYPE DESIGN

User login page

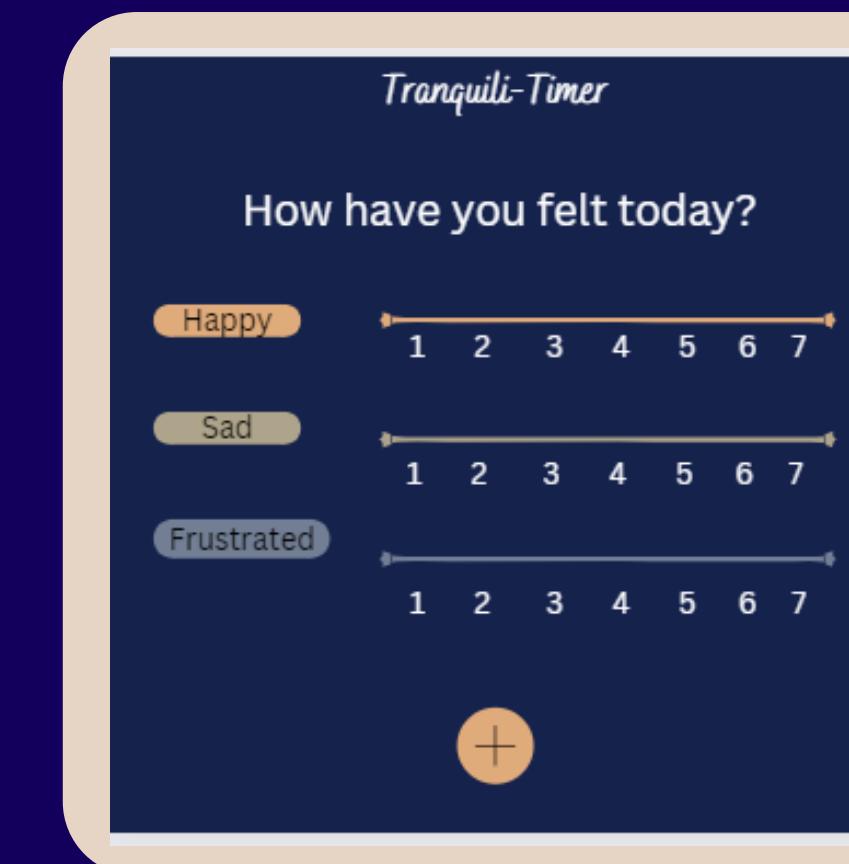

Main menu page

Meditation timer

Mood tracker

Meditation tracker

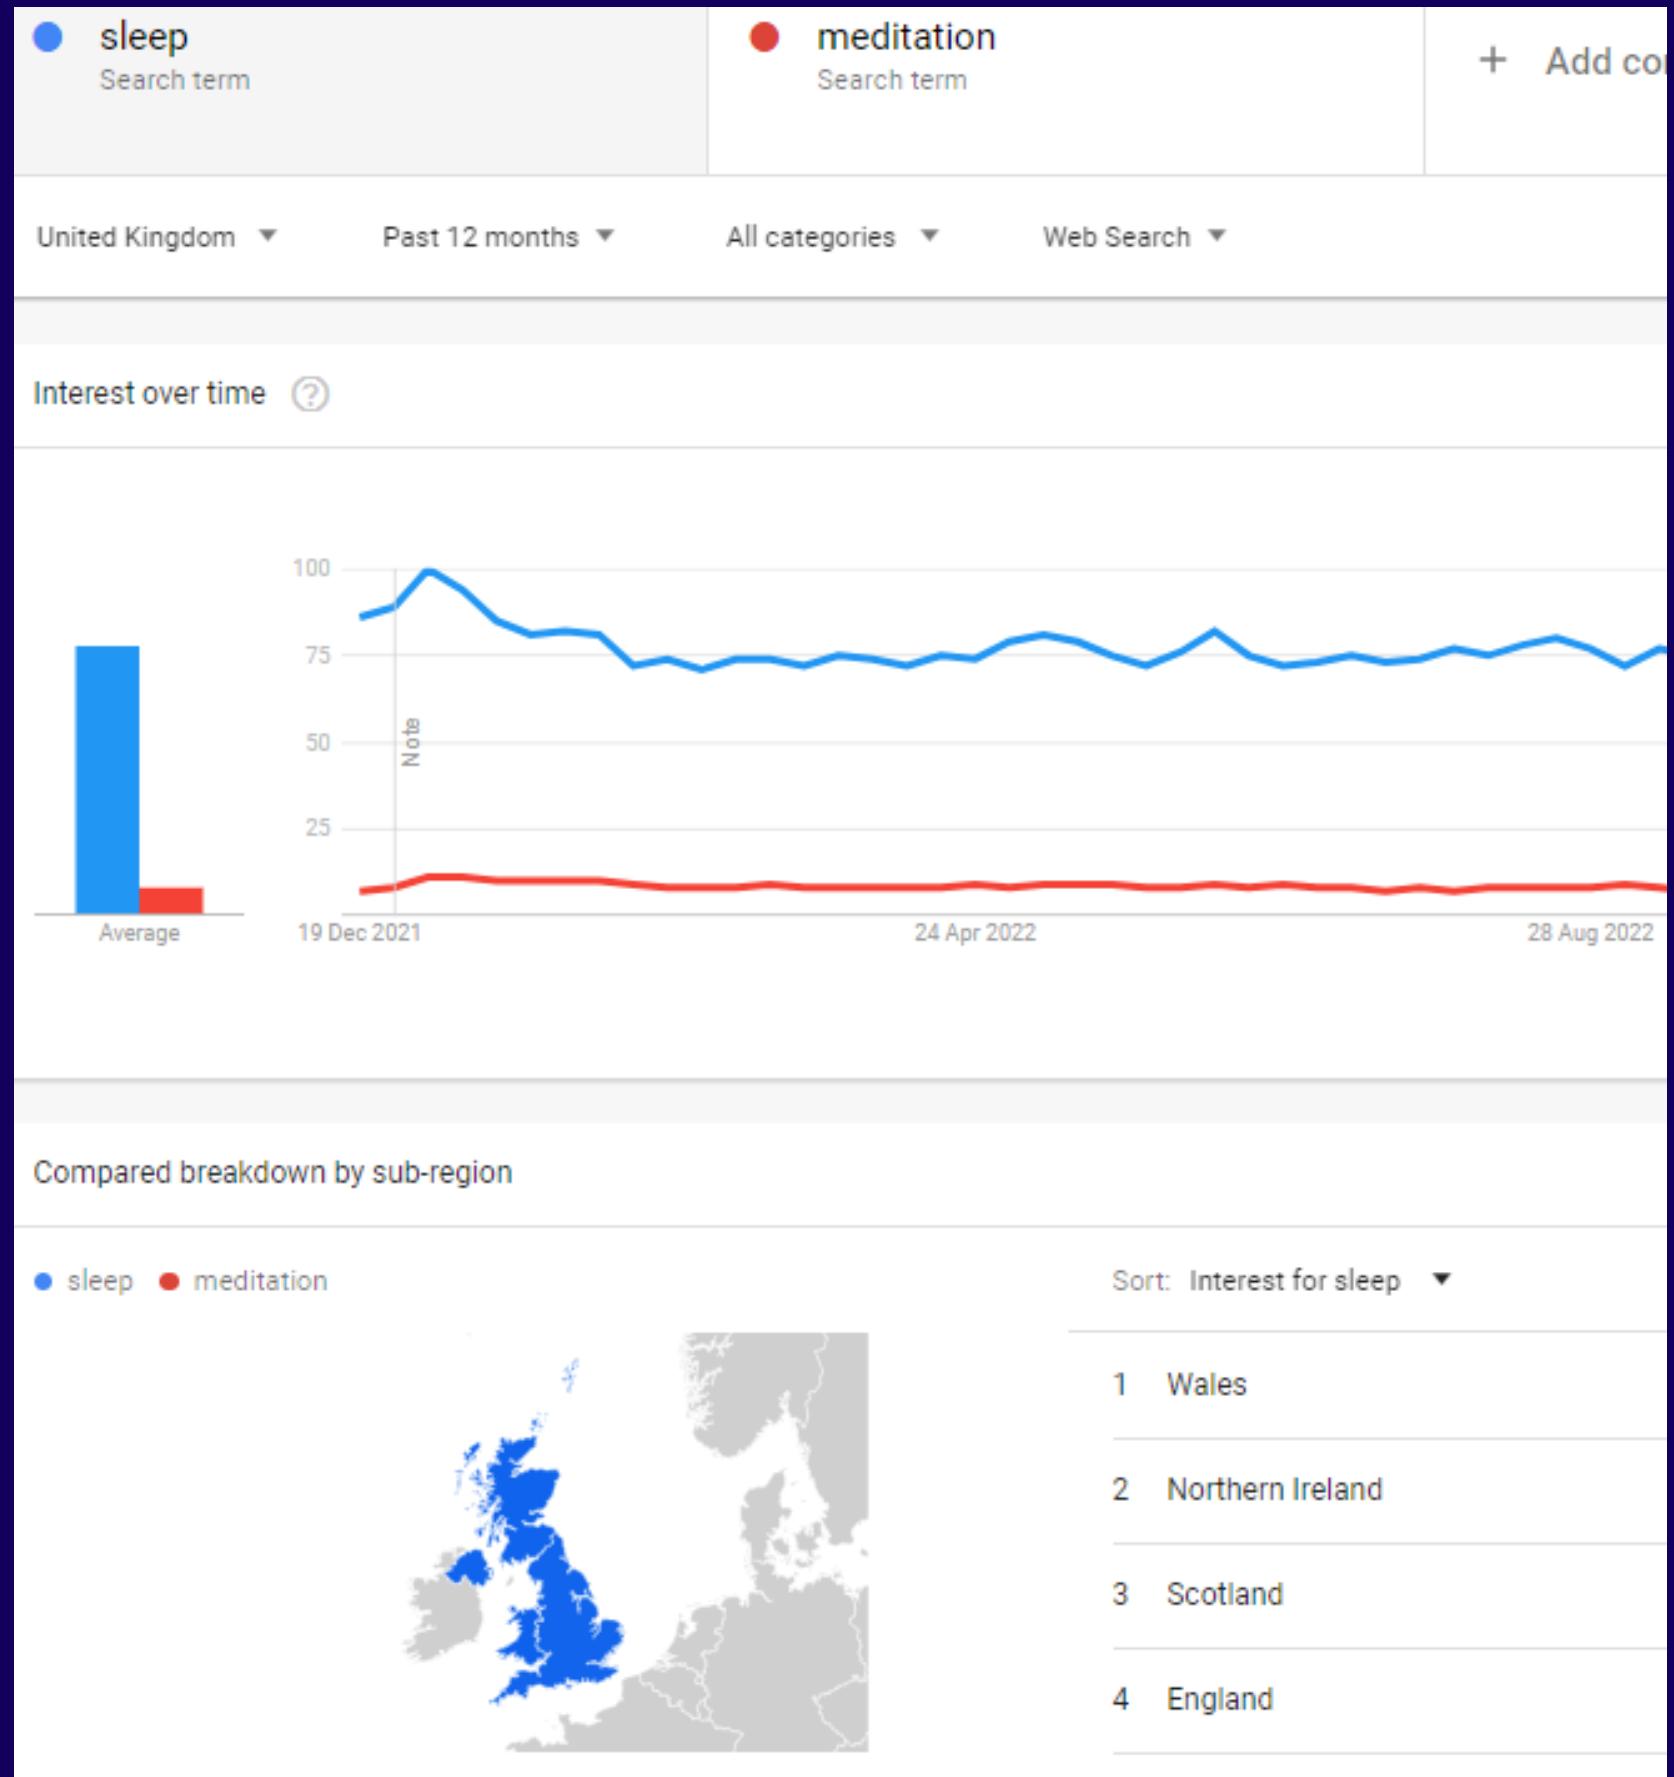

Alternative timer page

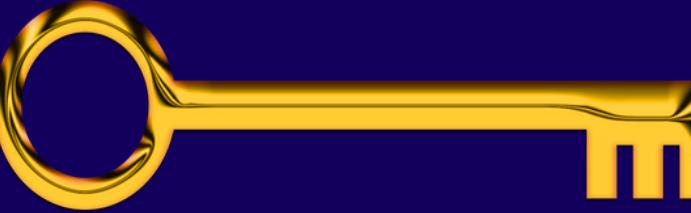

UX DESIGNER CASE STUDY

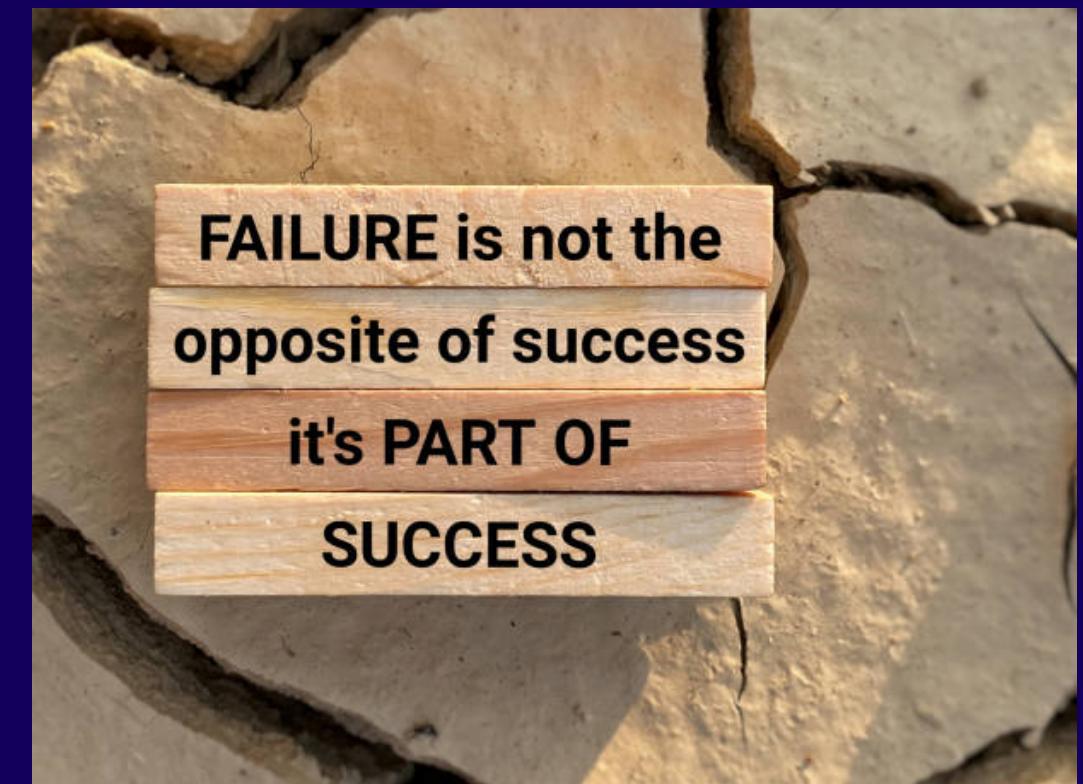

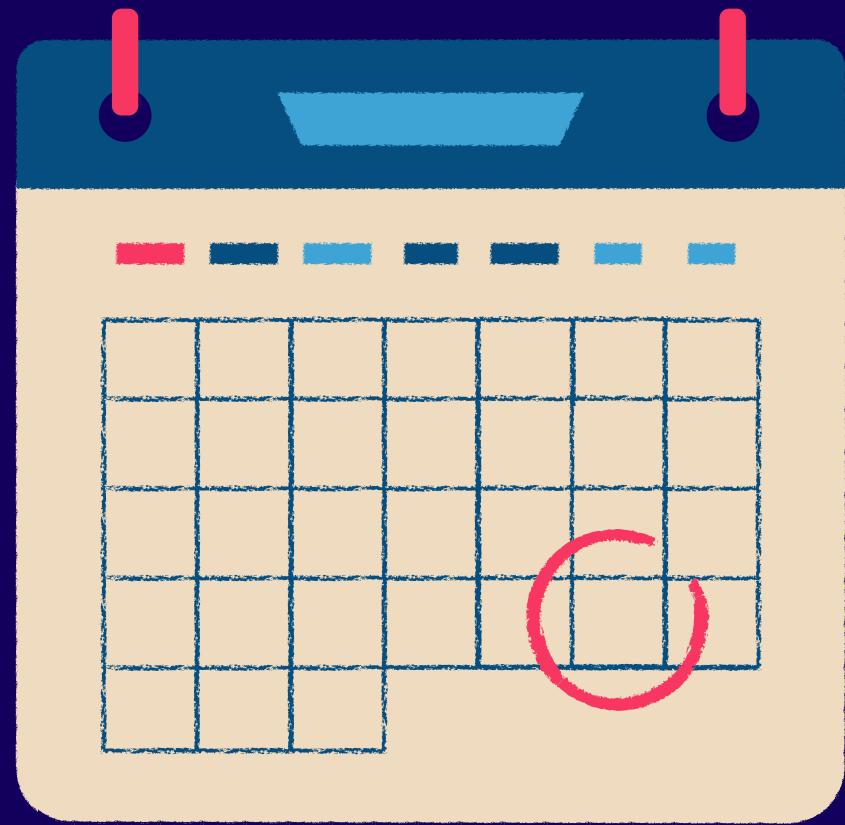

- A case study on Calm and Headspace
- About the Calm App virality viewability and publicity

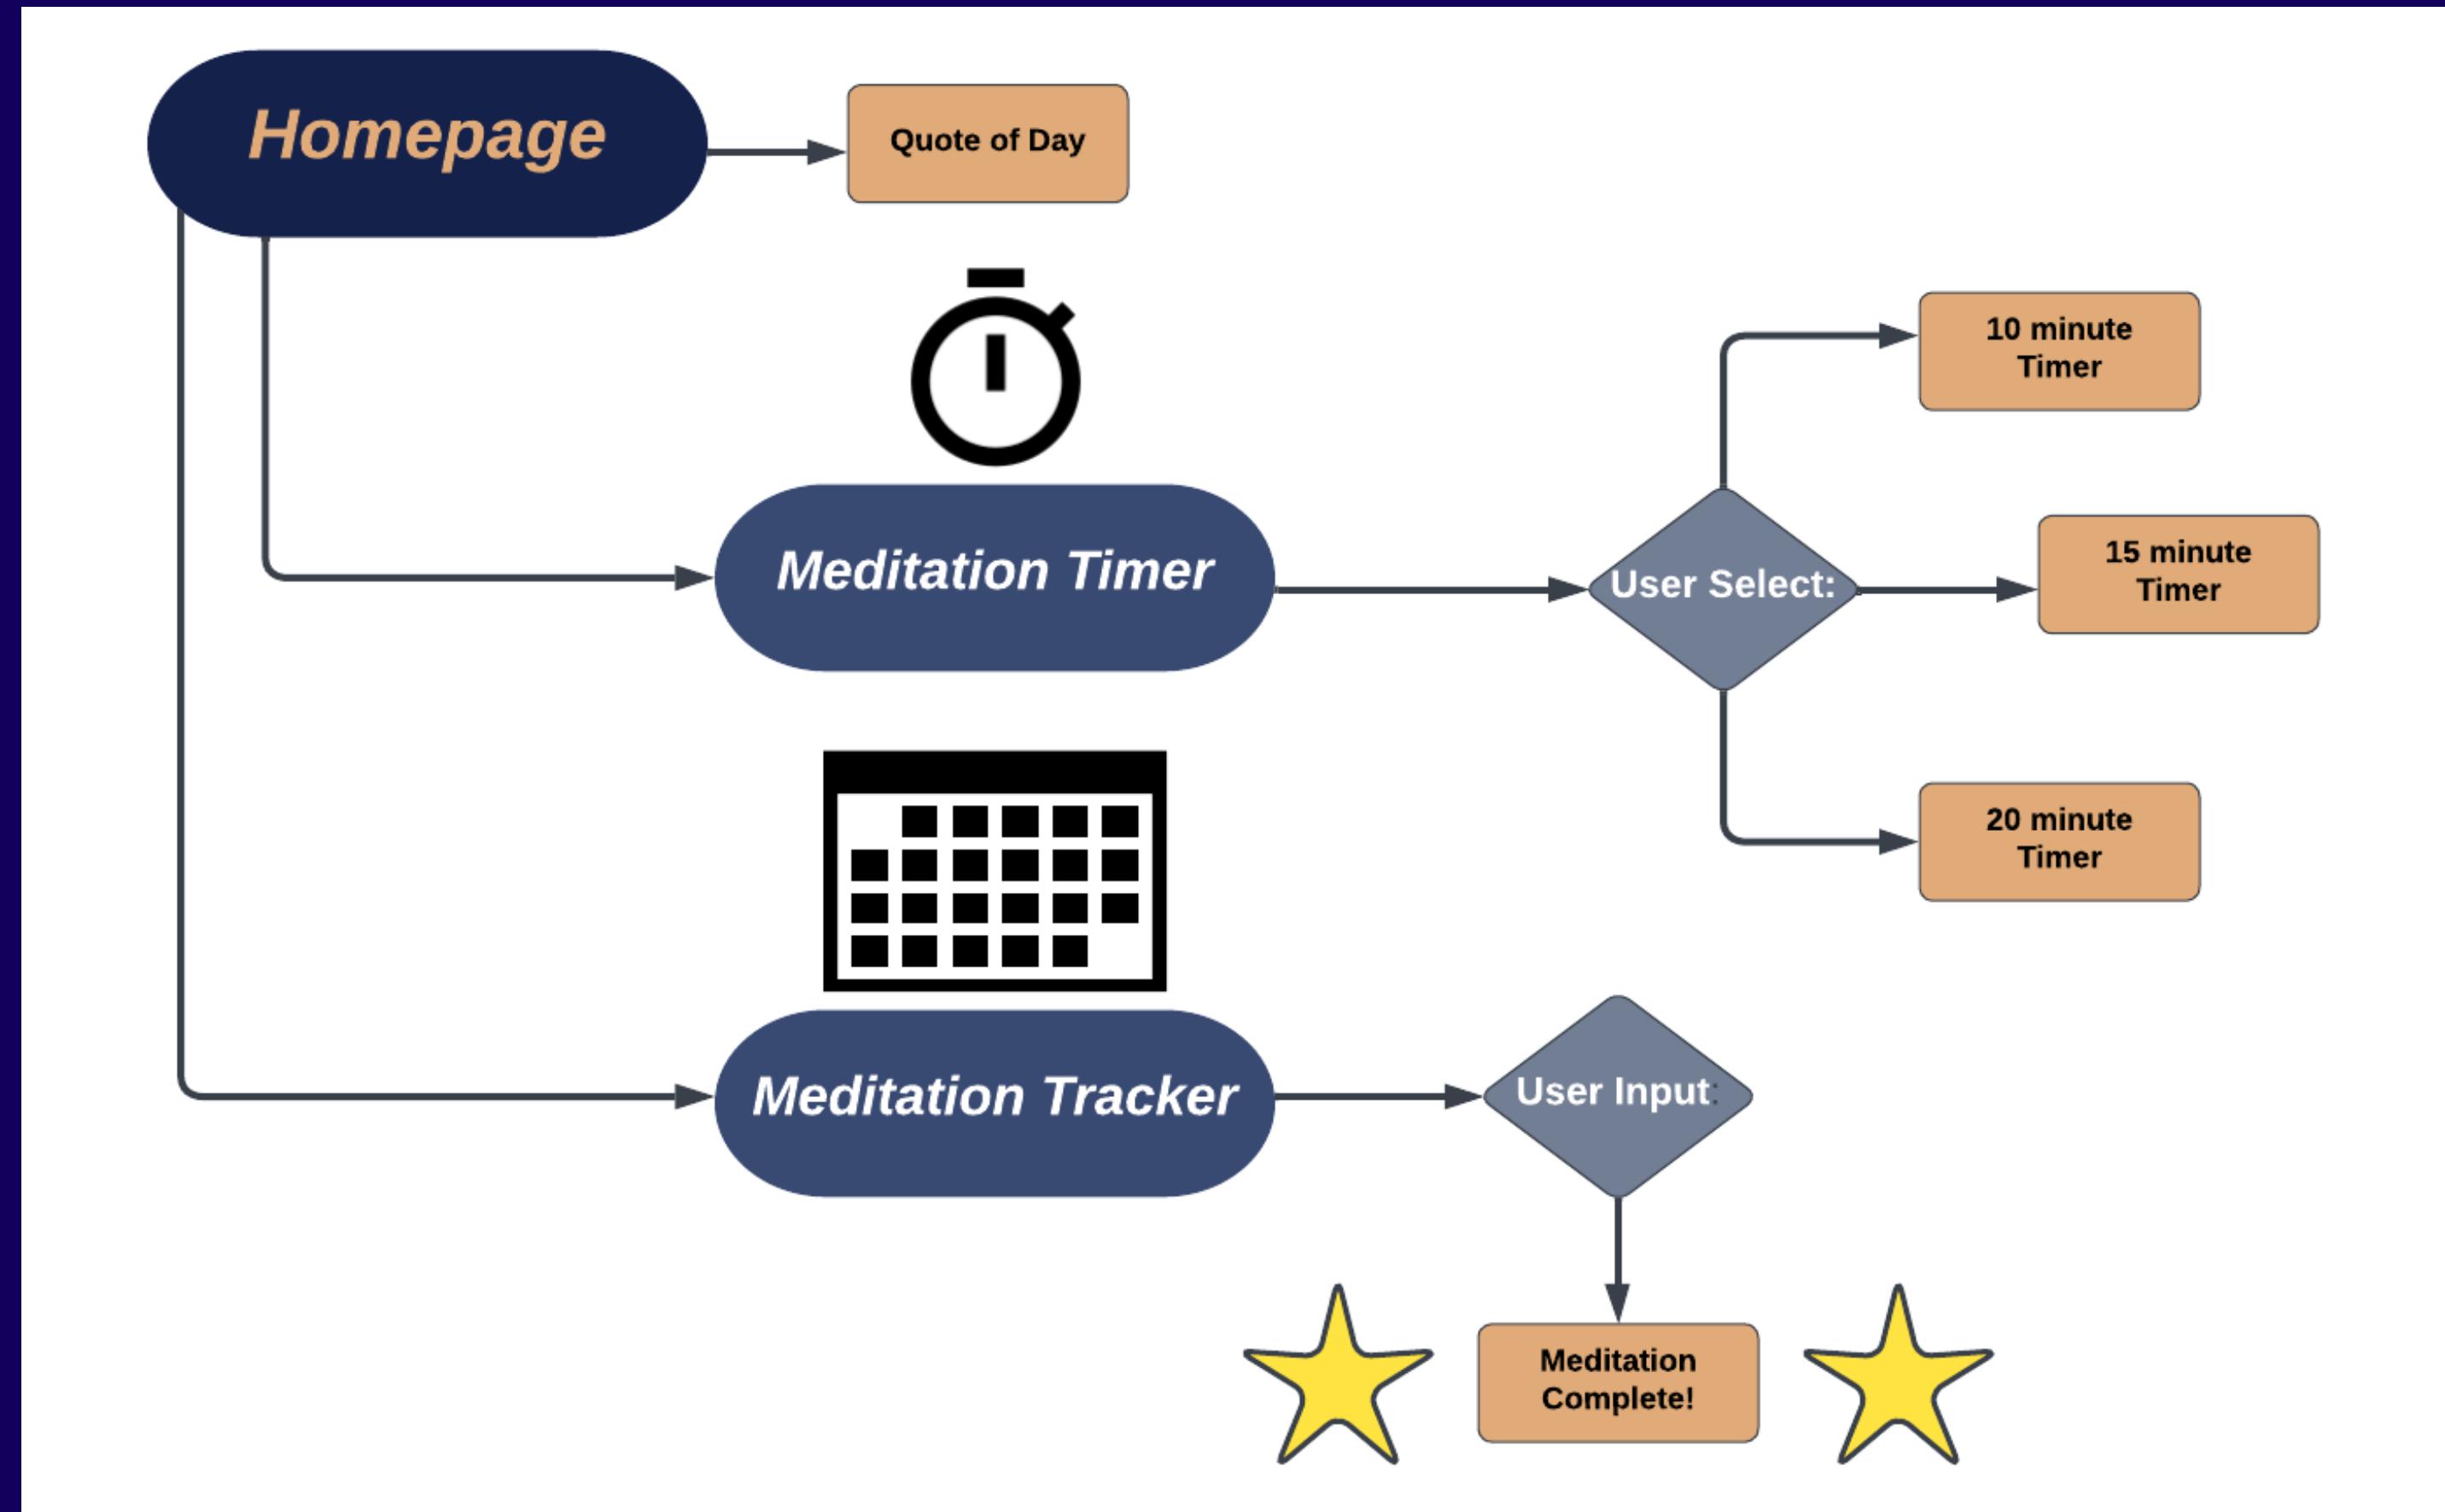

KEY FEATURES

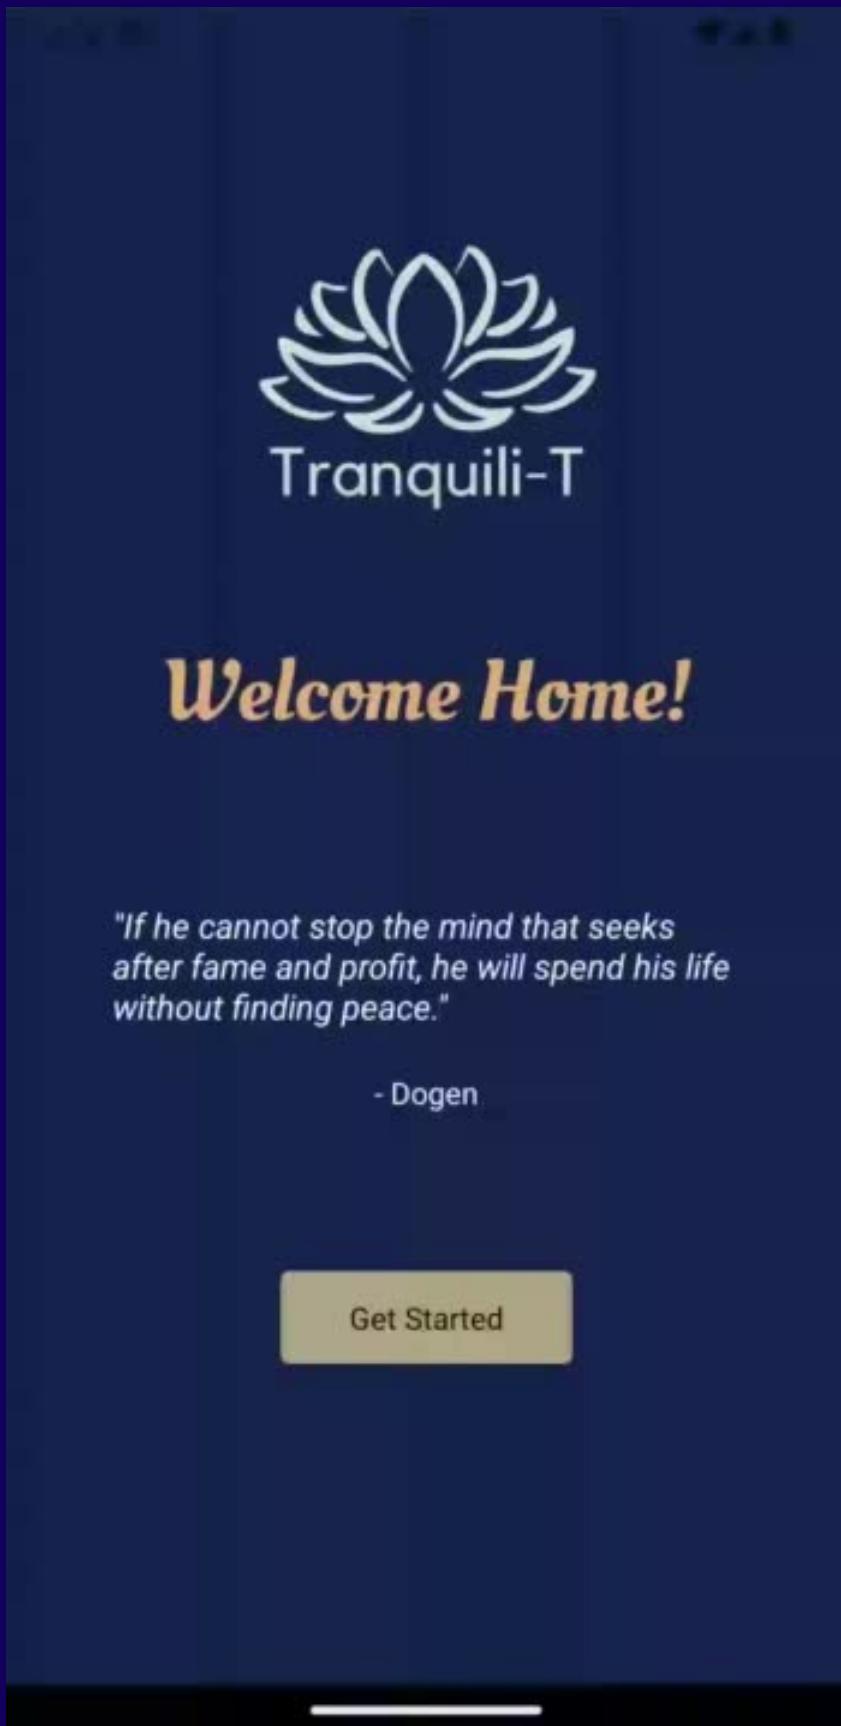

- INSPIRATIONAL QUOTE OF THE DAY
- MEDITATION CALENDAR
- TIME TRACKER

DESIGN FLOW

DEMO

CHALLENGES

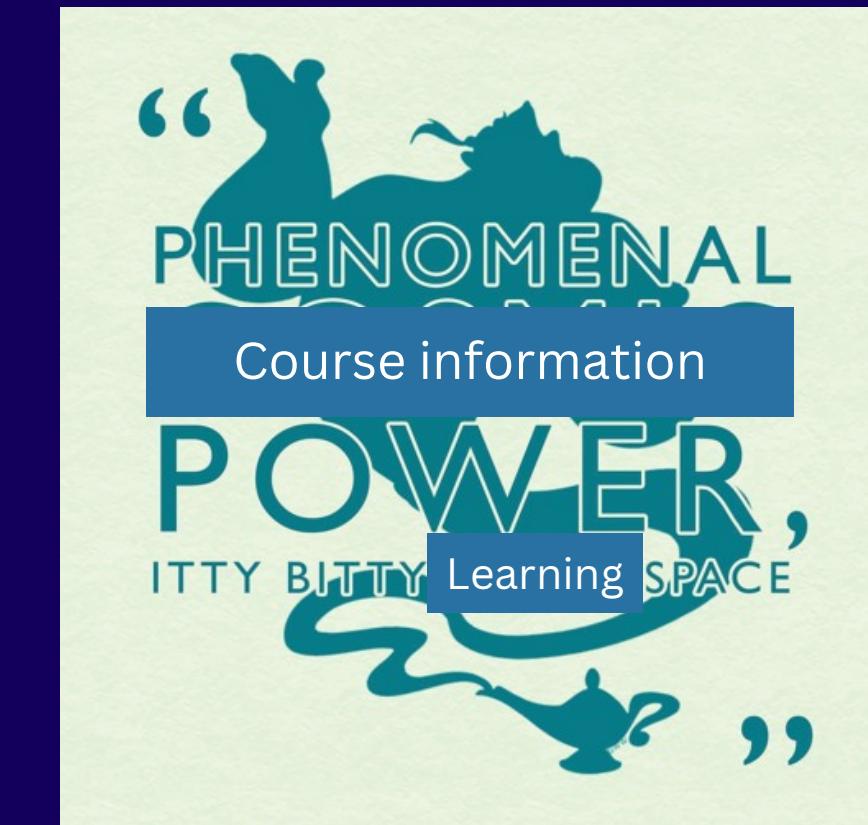

Knowledge:

- Redux
 - login
 - calendar
- JSX syntax
- useState/useEffect

Time/pace:

- Short course
 - Lots of content
 - Lots to learn
 - itty bitty learning space
- Work/life schedules

What we would do differently:

- Add mood tracker
- Add more sound options
- Include more animation options
- Include login and sign up
- Create push notifications

What we are proud of:

- Use of redux
- Timer
- Animation and audio
- Use of API
- Learned a lot
- Created something new in a new language on a new software

THANK YOU
ANY QUESTIONS?
